Oh the lament of New Mexico and this one's voyage through it.

This was my second trip to the Land of Enchantment. I shall say now that, for A Voyage to New Mexico: Using Lesser Definitions of Voyage me at least, Enchantment must be a euphemism. Though not on a scale that one would expect with the crossover from "Genocide" to the milder sounding "Ethnic Cleansing". But not so tame as how "Auto-tuned" has come to mean "covering up for a talentless singer."

The first time I ventured forth to the American South West was back in the fall of 2007. Though it was something new and relatively interesting, I don't generally have good memories of the experience. That was the year that Robert Jordan died. Actually, I was at my folks house in Albuquerque when I read the news. That was a kick to the gut, moreso than the A Voyage to New Mexico: Using Lesser Definitions of Voyage death of either my Uncle or my Grandmother. Horrible as that might sound, but in reading his stories I feel that I knew him better than either of my estranged, introverted relatives.

We ventured out A Voyage to New Mexico: Using Lesser Definitions of Voyage somewhat, but mostly I was there to keep my mother company while my dad was on a trip back up in Alaska. What this translates to is that, I hung out at the house all day while she worked, and then I hung out in the house all night while she napped on the couch after work. We are not exciting people. We did visit the used book stores that Albuquerque – that is a dorkly tradition that I started in high school. New city: visit used book stores. Mission Fucking Accomplished.

Aside from that we hit up a few tourist traps and sampled the local restaurants. I hung out on the couch and read and wrote(which was what I did at home). The air conditioning went out in the first couple days after a lightning A Voyage to New Mexico: Using Lesser Definitions of Voyage A Voyage to New Mexico: Using Lesser Definitions of Voyage strike. This wore harder on the mom than it did me. I have been living without Air Conditioning for years, and the midwest has some brutally hot and humid weather in the summer time.

Largely I avoided going outside in general. I hate hot weather.

This is what I recall most about my first adventure in New Mexico. That and our visit to Taos. Taos was a trip in and of itself. If you ever goto New Mexico, be sure to visit Taos. If you can skip over the rest of the state, all the better.

Now to the more recent adventure. The folks have been after the sister and myself to come down and visit for years. They offered to pay the airfare, so we took a long weekend and went on down. I spent the weeks leading up to it by psyching myself up for a huge panic attack! Getting up at 4:30 in the morning and then flying? Wheeeee!

A Voyage to New Mexico: Using Lesser Definitions of Voyage That helped, and after the fear freaking out passed I actually rather enjoyed some aspects of the flight. I love looking down at the landscape below. A Voyage to New Mexico: Using Lesser Definitions of Voyage There is nothing as awesome as a bird's eye view of the world.

Texas sucks.

Aside from a few sweaty-palm inducing jolts of turbulence, the flight down went smoothly. But damn, I do hate when an airplane drops several feet and shudders about like a Fundy thinking about the naughty bits on a human body.
