Introduction

On an earth-like planet in the Andromeda Galaxy, the Creator of the Universe skipped the introduction—and evolution—of the human being as the pinnacle After The Messiah Had Gone: Book 1: The Call of creation, opting instead for a new species of intelligent, social, conversant and powerful flying creature, the gull-hawk.

Frederick is a Commander of the 77th Wing, overseeing one hundred sixty-one gull-hawks for the Northland Flock. A respected warrior and leader, *After The Messiah Had Gone: Book 1: The Call* Frederick is rising quickly in Triumvirate, the theocracy that controls and guides the NorthLand Flock. Olivia *After The Messiah Had Gone: Book 1: The Call* sits on Triumvirate's High Council, bringing faithful strength and compassionate vision to the ruling body steeped in tradition and doctrine, now one hundred generations old. Frederick is also a burgeoning mystic. Unfortunately, mystics *After The Messiah Had Gone: Book 1: The Call* were viewed with suspicion and distrust by Triumvirate.

The High Council, concerned that Frederick's mysticism is threatening their doctrine and dangerous to the faithful, has ordered Frederick and his Wing put through the Call of Confidence, tested for strict adherence to orthodox Triumvirate creed and ways.

Complicating this *After The Messiah Had Gone: Book 1: The Call* turn of events is Frederick's budding relationship with Olivia, and his friendship with Joram *After The Messiah Had Gone: Book 1: The Call* and Dayleen, gull-hawks exiled years ago to the outskirts of the Flock.

A final, dangerous problem brewing is the bitter, long-standing conflict between Triumvirate and the Shahadah *After The Messiah Had Gone: Book 1: The Call* Flock, ruler of SouthLand. The current dispute is *After The Messiah Had Gone: Book 1: The Call* over the Island of Eternal Peace, a sacred island lying between the two continents, a small sliver of land that both flocks consider holy, and both claim as their very own.

After the Messiah had Gone is a thought provoking, worthy addition to the oft-told "hero's journey." It is a story of faith, love, and war, and the inevitable conflicts that arise between those of differing viewpoints, longstanding traditions, deeply held beliefs, and hidden—and not so hidden—agendas. Will Frederick pass the Call, or *After The Messiah Had Gone: Book 1: The Call* will he fail, dooming his chance not only for glory within Triumvirate, but also for once-in-a-lifetime love with Olivia? Can Frederick retain his individuality, or must he be forced to renounce his own truth? How does Olivia balance her leadership of, and loyalty to Triumvirate against her relationship with Frederick?

And what about the Shahadah Flock, who believe just as strongly as Triumvirate that their way is the only true way to the Most High? Will these two powerful, stubborn Flocks destroy each other in yet another bloody war?

Building on the diverse traditions found in *After The Messiah Had Gone: Book 1: The Call* Richard Bach's *Jonathan Livingston Seagull* and George Orwell's *Animal Farm*, Robert Cole has written a compelling, three-book tale that *After The Messiah Had Gone: Book 1: The Call* explores how someone with high integrity but unorthodox thinking and beliefs tries to live and prosper within a dominant, rigid theocracy. By weaving this age-old story within the context of a thinly veiled clash *After The Messiah Had Gone: Book 1: The Call* between the powerful faiths of Christianity and Islam, Cole offers profound, needed insight into our own world and the blind spots we all have, along with ways to bridge the seemingly insurmountable chasm dividing

those of diametrically opposed beliefs.

After The Messiah Had Gone Book 1 The Call

The opportunistic employer for how always and where various to After The Messiah Had Gone: Book 1: The Call hold to your dollars because years is After The Messiah Had Gone: Book 1: The Call a way than noncompliance option.
