Prologo

Les presento mi primer poemario. Se darán cuenta que es notable la sencillez con la cual se exponen ciertas situaciones Antología de almas amigas (Spanish Edition) vividas. La diversidad de temas no se limita a cuestiones culturales o abstractas sino a una recopilación de anécdotas

y Antología de almas amigas (Spanish Edition) acontecimientos auténticos que fueron compartidos. Mis poesías son para mí una antología de músicos notables y amigos de gran estima que en alguna ocasión compartieron situaciones conmigo.

Ellos me ayudaron a entender el reclamo de las huellas dejadas Antología de almas amigas (Spanish Edition) por sensaciones internas y experiencias vividas. Se dice que el concepto de la imaginación como facultad creadora nace con los románticos y da paso a la literatura, yo simplemente me circunscribo a plasmar situaciones que un día fueron realidades.

Aunque siendo varios los autores anónimos que Antología de almas amigas (Spanish Edition) comparten este poemario, a medida que vayan avanzando se darán cuenta que la mayoría de los pensamientos convergen o interactúan en su composición literaria Antología de almas amigas (Spanish Edition) más allá de sus aparentes divergencias creando un fenómeno libre para la expresión abierta de los sentimientos sin importar su procedencia.
