**Call of the Wild – a News Gazette for Animals, by Call of the Wild Animals.**

A collection of News Snippets from the animal world, a report on a rowdy Mouse Protest Meeting, a Sports Report Call of the Wild and a News Item from our Reader.

The Gazette has colourful pictures Call of the Wild illustrating the events.

I hope you enjoy reading it as much as I enjoyed writing it – (of course, it was dictated by our animal friends!)

*From the killing fields of A..... P..., our intrepid reporter files this account:*

For seven long years the terrified mouse and rabbit population of A..... P... have suffered the depredations of the Tawny Tornado. Now the area is in desperate straits.

---

No longer are mice free to pursue their inscrutable pursuits unmolested, no longer are rabbits roaming idly through the garden, nipping off the unsuspecting gladioli by the neck, savouring the parsley and inspecting the irises at bulb level.
