## Chapter One

Rose stepped off of the path and into the dark woods. She had been warned never to enter the woods at night but Rose was in a hurry to get home.

She had stayed too long at her grandmother's party. Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) The entire village had shown up to drink and dance. Rose hadn't been interested in the festivities. That is, until Danny McDowell showed up. Rose had stuck around way past dusk because Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) she had been itching to fuck Danny since he had moved into the village.

He was a big muscled farmer from far away. His black hair and green eyes made Rose drool and his thick arms made her sigh. She had wasted a few afternoons watching him plow his field.

Rose had flirted with Danny until she could drag him into the barn. The instant they had shut the door, Rose had gone to her knees. His erection pressed against the thin material of his trousers. His cock bounced free of his pants when she had opened the ties. Rose had to gasp at its length. As thick as her fist, the member went past Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) her wrist as she gripped the base. Its purple head glistened with precum. Rose licked her lips.

Danny moaned when Rose licked off a drop of salty liquid. His hips pumped forward. Rose had laughed airily as his erection pressed against her Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) lips. Rose had traced the bulging vein with her tongue. Danny's groan made her wet.

In the barn, listening to the sounds of the rowdy party, Rose sucked Danny off. His cock was too large for Rose to fit in her mouth. It made her gag and cough. Drool trailed down her chin as she tried to fit the hot length into her mouth. Danny had rocked impatiently, grunting at Rose.

Rose grabbed his balls with one hand and squeezed gently, warning him to slow down. Rose wasn't use to giving head to cocks that big. She fisted the middle of Danny's cock to stop him from Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) shoving past her stretched lips.

Danny hadn't liked that. With a growl, he had ripped Rose's hands off his cock and balls. Yanking painfully on Rose's hair, Danny started to thrust into Rose's mouth. She felt the thick length push down her throat. Rose gagged. She couldn't keep up with Danny's pace. Tears streamed down her cheeks with every harsh thrust.

But to Rose's confusion, having Danny fuck her face had her wet. She flipped Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) up her skirt and traced teasingly down the front of her bodice to the wet front of her panties. Rose had moaned around

---

Danny's cock as she furiously worked the sensitive bundle of nerves.

Walking through the woods, cream gushed down Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) her thighs at the memory of Danny's animistic noises. Every hiss and rumble Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) had made Rose groan. Danny had been a beast trying to get off, not caring that Rose was left to finish herself. The thought had brought Rose Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) to the edge of orgasm.

Danny had given one last painful thrust at that exact moment. Hot seed flooded Rose's mouth. She had choked to swallow it all but most ended up being coughed onto her face. Danny gave a soft mewl and had collapsed onto a hay bale.

Leaving Rose wet, covered in cum and unfinished. Rose had tried to get Danny to at least lend a helping hand but he had been sound asleep. Danny's selfishness had turned her on in the barn but it was also why Rose was stomping through the woods to get home. She was horny and angry. And she could still smell Danny on her. She wanted nothing more than to get home and clean up properly.

A branch snapped to Rose's right and she froze, her anger forgotten. Suddenly, she was scared. Her heart pounded in her chest. Rose looked behind her hoping that she hadn't gotten too far from the path Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) but she couldn't see it.

Last year, a village girl had disappeared in the woods. They had only Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) managed to find her clothing. Everyone knew that the wolves had gotten her. The Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) forest was full of them but the village hadn't had problems with them Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) for months. For the hundredth time, Rose cursed Danny and her arousal addled brain for making her throw caution to the wind.

A bush rustled next to Rose and she took off with a scream. Her lungs struggled to take in air around the corset she was wearing. Branches slapped against her sensitive skin slowing her down.

Rose could hear a large creature chasing her. Rose shrieked and tried to run faster. The forest was pitch black though and she Captured by the Wolfman: A Naughty Fairy Tale (Naughty Fairy Tales Book 1) failed to see a log in her way.

Rose hit the log and slid across the forest floor. She struggled to get up but the mud made her slip. Rose heard her skirt rip with the force of her attempts to stand up.

She froze at the creaking sound of something stepping onto the downed log. Terrified, Rose flipped onto her back. Her breath caught at the sight.

---

In the darkness of the forest, Rose almost mistook the shape for a man. It stood upright on two legs staring down at her. But if it was a man, than it was the biggest man Rose had ever seen. The figure tilted its head to the side and the light of the moon coming through the trees caught the furry outline of an elongated snout.

“W-wolf,” Rose sputtered.

The wolf inhaled deeply. Rose heard a rumbling sound come from his chest. She could swear he smiled at her.

“Didn’t your mother ever warn you about strolling through the woods at night?” His voice was a deep growl. Rose shivered. The wolf inhaled deeply again, ““Especially, when you smell so tempting.”

He jumped down from the log. Rose scrambled backwards ripping her skirt more but he leapt on top of her. His weight pressed Rose into the ground. The feel of his fur rubbing against the bare skin of her thighs made Rose gasp. Her body involuntarily arched against his.
