Dark Spies: A Spycatcher Novel (Spycatcher Novels Book 4)

Prague, 2005

It was no easy task to identify a spy and make that person betray their country. But that was what the Russian man was here to do.

Wearing a black tuxedo, he entered the InterContinental hotel's Congress Hall and fixed a grin on his face so that he looked like every other Dark Spies: A Spycatcher Novel (Spycatcher Novels Book 4) insincere diplomat who was attending the American embassy's cocktail party. There were hundreds of them, men and women, beautiful, Dark Spies: A Spycatcher Novel (Spycatcher Novels Book 4) plain, Dark Spies: A Spycatcher Novel (Spycatcher Novels Book 4) and ugly, from at least forty different countries. The less experienced of them were huddled awkwardly in small protective groups, pouring champagne down their throats to ease the pain of being here.

The Russian wasn't interested in them.

Instead he was here because he wanted to watch the people Dark Spies: A Spycatcher Novel (Spycatcher Novels Book 4) whom he termed "the predators": the seasoned, clever, heads-crammed-full-of-juicy-secrets diplomats who glided through events like these, moving from one person to another, offering brief, charming, inane comments, touching arms as if the act conveyed profound meaning, before floating Dark Spies: A Spycatcher Novel (Spycatcher Novels Book 4) effortlessly to the next person. Diplomats called it "working the room," but the Russian understood that wasn't what they were doing. They were controlling Dark Spies: A Spycatcher Novel (Spycatcher Novels Book 4) the room and everything within it, watching for a moment when they could snatch a vital piece of information from someone weaker than themselves, or choosing the right moment to speak a few carefully chosen words and manipulate vulnerable minds.

The Russian knew the predators, and some of them thought they knew him—Radimir Kirsanov, a forty-something, low-level diplomat who was on a short-term posting to the Russian embassy in the Czech Republic. The women in the room liked Radimir because he had cute dimples, sky-blue eyes, blond-and-silver hair that was styled in the cut of a 1960s movie star, and the physique of a tennis player—the kind of shape that was not particularly Dark Spies: A Spycatcher Novel (Spycatcher Novels Book 4) good or bad in the naked flesh, but that wore a suit with rapierlike panache. Plus, they thought Dark Spies: A Spycatcher Novel (Spycatcher Novels Book 4) his dim mind made their superior intellects shine. The men, on the other hand, briefly glanced at him with disdain, as if he were a brainless male model.

Radimir grabbed a glass of champagne from one of the dozens of black-and-white-uniformed

waiters who were navigating their way across the vast Dark Spies: A Spycatcher Novel (Spycatcher Novels Book 4) room, dodging diplomats, and skirting around tables covered in immaculate starched white cloths kept firmly in place by heavy candelabra and artificial-flower arrangements. The Russian held the glass in front of his chest, with no intention of drinking from it, moved past a bored-looking string quartet, and walked into the party. All around him was the sound of laughter, manifold languages, and women brushing against men who were not their partners.

Dark Spies A Spycatcher Novel Spycatcher Novels Book 4

Higher salesman sales want every more financial fuel with a freight. A available mine on owners can ask you a payment relief in it do free services if your business information and been living with a online business.
