Who's Who

THE LORDS OF ATLANTIS

Left to Right: Cobalt-Blue aka Adam Stryker Atlan; Phantasia aka Katherine Katz Atlan; Cyberstar aka William "Willie" Norris Atlan; Dancer aka Dannon Griffin Atlan; Victory aka Sloan Carter Atlan

PARAFORCE 1 (Current Team Dragonwar (Atlantis Unleashed Book 1) as of this story)

Left to Right: Razorwing aka Evan McAllister; Quantum aka Jett Storm; Challenger aka Dustin Plainwalker-Wallace; Stride aka Lionel White; Dragonwar (Atlantis Unleashed Book 1) Morn aka Tabitha White; Moonwind aka Seth Plainwalker-Wallace

PARAFORCE 2- MURPHY'S LAW

Left to Right: Witchcat aka Leif Hunter; Coldfire aka Aerin Snowdottir; Lifeforce aka Lorna Grimwauld; Gates Murphy; Magelight aka Corbin Grimwauld; Defender aka D'fen

FORMER HOMEGUARD INSTRUCTORS (As of this story)

Left to Right: Yankee Zephyr aka Dr. Amanda Nelson; Powerstone aka Samuel Hawkes; Northwind aka Dr. Elizabeth Nichols

NIGHT ANGEL Dragonwar (Atlantis Unleashed Book 1) AND FAMILY

Left to Right: Night Angel aka Wayne Pruitt; Emerald Pruitt; Shadow Shroud aka Ethan Pruitt; Onyx aka Amethyst Yarr

STORM FORCE

Left to Right Shadow Wing aka 'Tori Sanders; Shadow Bolt aka Keith Tyler; and Witchwind aka Sarah Bin Dragonwar (Atlantis Unleashed Book 1) solis

SHADOW FORCE

Runeclaw aka Cmdr Robin "Trey" Greenbough III; Avalan (The Sovereign Mage) aka Emory Northmore Greenbough; Azrael aka Yehu Bin Solis

THE FIRST PRIDE

Left to Right: Sharon Windham- werecheetah; David Rosen- elemental; Brendan

Carpenter-weretiger; Noah Hale- spiritwalker; Cordelia “Delia” Harris- were-sidhecat; and Nelson Funakoshi- werecougar

SOLO HEROES (As of this story)

Left to Right: Coral aka Corey Leight; Depth Charge aka D'an'a Hassan; Dragonphyre aka Kymbrall FeyStone

Map of West Coast after the Catastrophe

PART I-THE ARRIVAL

California Islands

Mar's first thoughts several weeks ago was: This world was going to be easy to conquer; not like his home reality where the accursed dragonborn had fought his people to a stand still for the last twenty millennia. Here, the biggest threat to his people were the transhumans, and the U.N. had done such a good job of killing them off over the last few decades, that they were on their last legs. This would be a new start for his people. A place where they could re-build their past glory; a place where they would not make the mistake that had seen their downfall so long ago. This time, there would be no sharing the phyre with their slaves.

He flapped his great leathery wings and scanned the devastation of the California Islands below him. His kin's arrival on this world had not come without a certain amount of disruption. Even one of the old great black void dragons who had mastered all five elements, who could ride the currents of time and space could not easily, and never very Dragonwar (Atlantis Unleashed Book 1) accurately open a rift between realities. That kind of tearing of the membranes between realities could easily "pop" a whole reality out of existence. The forces unleashed when they came through in January, even far out in the Pacific had set off a major earthquake. California, parts of the Baja Peninsula and a huge chunk of the Northwest had been sunk under the waves. For a few moments the laws of reality between the two worlds had merged, before the Dragonwar (Atlantis Unleashed Book 1) membranes once again closed.

The chaos it had spawned however had been a Dragonwar (Atlantis Unleashed Book 1) good cover for their entrance into this reality. Three hundred dragons ranging in size from one hundred to three hundred feet long would have caught most people's attention. But they had been hidden by a thousand foot tall wall of water that raced out from their entrance point toward the American West Coast. It began as a small ripple on the surface of the ocean but when it reached Los Angeles, it had blotted out the horizon. By the time the humans and transhumans of this reality knew what had hit them, Mar's forces had already found themselves a nice little hiding place on one of the islands not far from where the San Andreas had pushed up a small island near where Mountain Ranch used to be.

Months of night flying and scouring the area for survivors had managed to clean the human Dragonwar (Atlantis Unleashed Book 1) presence from a hundred mile radius. The best part was that a group of transhuman terrorist got the blame for the slaughter. Nobody Dragonwar (Atlantis Unleashed Book 1) suspected that the dragons had Dragonwar (Atlantis Unleashed Book 1) come to this Earth. Mar knew that there were legends of dragons here, and he didn't doubt that some cousin species had once dominated this land. Even the recently returned Atlanteans told tales of battling a dragon-like species called the Kheltians. But if they'd been here, they were long gone now. Now was a time for Dragonwar (Atlantis Unleashed Book 1) his people to take up the reins of humanity and put them back where they belonged.

In his reality, twenty-thousand years ago, dragons had ruled all of the Earth. They'd taken humans as their slaves, and had used them in gladiatorial games for their entertainment. Some had even taken human form and had taken humans as lovers. But his people had grown too complacent, too proud. The games had become boring, no real challenge, so a little of the phyre- the power of the dragons- was added. It wasn't much, just enough to keep things interesting. But they'd not understood something about those who'd been so enhanced. Phyre

cannot be destroyed, it is a living force and when its host dies, it Dragonwar (Atlantis Unleashed Book 1) seeks another. When each gladiator had killed his or her opponent, they took not only their life, but their phyre as well.

By the time of Queen Kaja-Nel his people had grown so proud, so sure of themselves that they paid no attention to their slaves. The gladiator Tyr had led a revolt rallying the most successful and powerful of what was then called the dragonborn to war against their masters. It had been a bloody revolt where the unthinkable had happened. Humans had slain dragons with weapons forged of phyre and mind; with raw bone and sinew; and with the elements themselves.

When it was over, Kaja-Nel lay dying and her traitorous lover, Tyr stood triumphantly over her body. But the dragon queen was not yet done. With her dying power, she cursed the whole world with war and strife. Her words to Tyr echoed down through the ages: *Slave, you have won Dragonwar (Atlantis Unleashed Book 1) for now. You've stolen my power, but the war is yet over. Even now, my kind go to their sleep, deep in caves never dreamt of by man. When they awaken after the coming destruction, they will take up the reins of your species once again. No being born of woman nor hatched of dragon will be able to end Dragonwar (Atlantis Unleashed Book 1) this war. Forever will the plague of the Wyrms be upon man.*

When the survivors had awakened, they found a changed Dragonwar (Atlantis Unleashed Book 1) world. A world where the civilization they'd built had been lost to an ice age, and humans had descended into a what was known today as the Classical period of western civilization. When they moved to retake their Dragonwar (Atlantis Unleashed Book 1) slaves, they discovered Dragonwar (Atlantis Unleashed Book 1) that the humans were no longer without a guardian. The descendant of Tyr and his band had inserted themselves into the places of power and were Dragonwar (Atlantis Unleashed Book 1) ever vigilant for their return.

Thus began the Hidden War with his people once again trying to take the reins of power, and the dragonborn always moving to block them. The dragons quickly learned not to be obvious lest they attract the attention of one of the seven orders of dragonborn. The war had to be waged silently in the shadows so as not to attract too much attention.

It remained that way for five millennia, until the birth of a dragonborn who was said to be the fulfillment of a promise made by Tyr before he passed to the elements. The dragons moved to destroy the child, but he'd been stolen away by a group of traitors led by Elizabeth Drake. It wouldn't be for another thirty years that the promise would come to fruition with the birth of a boy to a same-sex couple. Kymbrall FeyStone had become Dragonwar (Atlantis Unleashed Book 1) the host Dragonwar (Atlantis Unleashed Book 1) for the avatar, the living embodiment of Tyr. He'd returned to the dragons an egg containing the soul of Kaja-Nel, and taken the first steps to what would be a lasting peace. He'd also exposed Mar as a mole deep inside the dragonborn organization, and ruined any chance of his finally destroying them.

Mar did not regret killing Sean and Alex FeyStone. He did not regret killing Matthew Drake, a hatchling that dared to try and defend an ancient enemy. Dragonwar (Atlantis Unleashed Book 1) What he regretted was losing Dragonwar (Atlantis Unleashed Book 1) Dragonwar (Atlantis Unleashed Book 1) his temper, of true-forming in downtown Birmingham

and revealing the existence of his kind to the general public. He regretted, getting backed into a fight with a known dragon-slayer Dragonwar (Atlantis Unleashed Book 1) that was avenging the death of another dragon- a hatchling. Mar was honest enough with himself to realize that what he regretted was getting caught.
