I was almost disappointed when we pulled up silently outside my parent's house and the soft lighting in the leather-lined cabin of the Mercedes sports GAY FIRST TIMES: M/M First Time Romance car gently illuminated us.

My cock was hard with the lust I felt for him. I tingled all over. I was merely imagining the thought of him taking me, right there outside the house, ripping off my simple cotton boxers and jerking on my cock with unfettered desire, pulling his cock out and making me taste him, then pushing his hard shaft into my ass hole, fucking me to heaven and back, on the GAY FIRST TIMES: M/M First Time Romance street where I had played and where I walked to school, and where now, as a nineteen year old, I rode the bus to town.

His GAY FIRST TIMES: M/M First Time Romance eyes shone in the LED-lit interior, and I felt the warm glow of his gaze. He held out his hand to pull out the key fob from its hole, getting ready to let me go up my garden path and out of his life. I looked down and saw his muscular forearm, such a hunk of a guy, even for someone so much older than

me, in better shape than so many of my peers, and I knew that I had to act. I had to do something to make him mine.

My bare feet, bejeweled in a cute little toe ring and ankle bracelet, had been up on the dash for almost the whole journey home. It was a terribly cheeky and familiar thing to do to my new boss, this was after all the GAY FIRST TIMES: M/M First Time Romance first time that I had babysat for this millionaire broker and his charming, if slightly frosty, wife. There was something about him though, something about his naughty little smile, the way he looked at me, and the manner in which GAY FIRST TIMES: M/M First Time Romance he had jumped out of his chair when his other half suggested that he give me a ride home.

“After all, it’s pouring with rain out there. We can’t let you walk all the way to the bus stop now can we Jerrod?”

It was a very generous offer, and one I certainly wasn’t going to refuse!

So we had driven in more or less silence, save for the odd comment, a nervous laugh, a glance to each other. It was the kind of quiet that only people who really want each other, only people who are genuinely happy in each other’s company, can understand. I relished it. Besides, with my feet up on the dash I was giving him a great view, the best view, of my long, lithe, bare legs.

I shone in youthful glory. I wore a simple short pants and slip on shoes, and a tight T-shirt that seemed to scream “Hey look at my manly chest”

I was all man underneath, but to older men like Mr Harper, I was exactly the GAY FIRST TIMES: M/M First Time Romance kind of jailbait that burns brightly, attracting them like a moth to a flame.

Well, I had something for him. A tight little ass, a cock that GAY FIRST TIMES: M/M First Time Romance was hard with anticipation, desperate to have him inside me, my first time, not with some fumbling boy but with a real man!

I looked at him, holding his stare, appreciating his kind eyes, the way they shone in the light of the cabin, little pin pricks bouncing off his pupils and GAY FIRST TIMES: M/M First Time Romance into my GAY FIRST TIMES: M/M First Time Romance soul. He was all man alright. His shirt was freshly pressed and exquisitely tailored, slim fitting

so that his muscular arms seemed to bulge from the sleeves, and his pecs made shapes underneath the cotton and silk. His pants were Italian silk, smooth and lustrous, with a tight crotch that seemed to be taking on a life of its own. I could swear that there was a bulge down there, something I could only imagine. I guessed that perhaps, in his perfectly made silk boxers, he hid an erect beast that wanted me as much as I wanted him.

I moved one leg down onto his seat, so that my little toe, the one that carried my tiny solid silver toe ring, barely touched his thigh. The gap between my legs wider now, so that he didn't have to move his GAY FIRST TIMES: M/M First Time Romance head to see the bulge in my pants. Part of me wondered whether I should just rip them off, show him what I had down there, between my legs. I GAY FIRST TIMES: M/M First Time Romance knew that would up his ardor, that no man could resist a barely legal like me. I resisted though, not wanting to make a present of myself. Savoring the chase in all its forbidden glory. I pulled my other leg down, quickly, to sit next to my other. After all, this wasn't some peep show.

I wiggled my toes, feeling the soft silk of his pants, and the hard muscle GAY FIRST TIMES: M/M First Time Romance tone of his thighs beneath. I grinned and giggled, letting him drink in my infectious laugh, the one all the gay GAY FIRST TIMES: M/M First Time Romance boys in my class said was my best feature.

We held that position for half a beat longer than we probably should have done, and then he kind of came to his senses.

"Well, thanks very much for babysitting. Shall I walk you to your door?"

"Sure Mr Harper, that would be very kind"

I opened up my door and stepped out. Mr Harper was by my side in an instant, and we walked to the door. The house was dark, no lights from the interior. The porch light came on automatically as we approached. I reached up for my key, hidden very unimaginatively on the top of the door frame.

"Is there no one in tonight then?" Mr Harper GAY FIRST TIMES: M/M First Time Romance asked

I looked at him, GAY FIRST TIMES: M/M First Time Romance choosing my words

very carefully.

“No Mr Harper, there is no one in tonight. I am here, all on my own, with no GAY FIRST TIMES: M/M First Time Romance one at all to keep me company” I let the words linger in the air. Neither GAY FIRST TIMES: M/M First Time Romance of us said anything. I had the key in my hand, but didn’t put it in the lock. I didn’t want the door to open. Didn’t want this excitement to end, no matter where it might lead. My next sentence, the next five words, changed my life forever.

“Would you like to come in?”

*

I didn’t even wait for an answer. In the same action I took GAY FIRST TIMES: M/M First Time Romance hold of his hand, and put the key in the lock, turning it and pushing open the door to bring him into my lair.

As soon as the door was shut I pounced. I didn’t see the point in waiting. We both wanted it. I knew it and he knew it. I jumped up and pulled my seven and a half stone frame up onto his strong chest, wrapping my legs around him like some kind of crazy wrestler and pushed my hips into him. I felt his strong hands on my ass cheeks, both as a support and also to feel the firm flesh. I opened up my mouth and planted a firm, insistent kiss on his lips.

The response was instant. His mouth opened in unison with mine, our eyes closed, and his tongue shot into my mouth.

He tasted so good! So manly. So grown up. I opened up further, letting his tongue roll around in my mouth, feeling the insides of my cheeks. I felt his hot breath on my face. He pushed his groin into me, so that I could almost sit on his hardening cock. I knew that I would be doing that later! I could feel myself turning on, even to just his kissing. My nipples hardened, and my hole felt alive, engorged with blood and definitely in control of my actions. His back crashed into the cuckoo clock on the wall, a souvenir from my

parent's latest vacation to Europe. GAY FIRST TIMES: M/M First Time Romance I knew that secretly they both hated that clock, but didn't have the heart to tell the other. I wondered, as I pushed my tight body into Mr Harper, whether breaking it while we GAY FIRST TIMES: M/M First Time Romance made out in the hallway would be a blessing. A little hard to explain maybe?

I held GAY FIRST TIMES: M/M First Time Romance his cheeks with my hands, keeping him safe, letting me shower wet, warm kisses all over his face. He returned the favor, grabbing a handful of my hair in his fist and giving it a pull as he kissed my neck, exposing more of it, like a horny vampire might before sinking his fangs into an unsuspecting maiden's neck.

His hands now began to work up and down my body, exploring my flesh, lifting the T-shirt to find my cold tight skin under the fabric. He pulled my top off, so that I stood now in just my shorts. He pulled his head down, raining down kisses onto my shoulders, my upper arms, and then around my pert nipples. Each of my them hardened to the presence of his lips. He blew on each, then wound his tongue around them, licking and sucking, the hard pip, the darker flesh of my nipple, and then under the cup of my tit, like a child eating an ice cream. It was such a sensual turn on, I could feel my ass hole tingling, anticipating the fucking I would surely be getting. I ran my fingers through his strong, slightly wiry hair, scratching his scalp. His kisses continued, all over my upper GAY FIRST TIMES: M/M First Time Romance body, as though they GAY FIRST TIMES: M/M First Time Romance were a last meal. I wondered if I could cum with just this attention. It certainly felt as though I could. This was such heaven.

Then he began to move downwards. Slowly at first, almost unperceptively, the attention from his lips moved down. He lingered on my stomach; tongue inside and around my belly button, sending a little shiver up my spine with every coil of his tongue. Then he kissed along the top of my waistband, pulling it slightly to reveal the hard cock that lay within. I knew he wanted me, I was dying just to pull off my boxers, to shout 'there you are, eat me' at him as loudly as I could. But no, I wanted to feel the anticipation that comes from a master at work.
