“You must be Bryson McGann. Monique Sinclair. It's a pleasure to meet you.” Her hand clasped his in an incredibly strong grip, slender fingers wrapping around his. Yet the H.A.A.R.P.S FURY (The Bryson McGann Book 1) softness of her touch surprised him, sensual, electric. McGann replied, “I don't believe I've had the pleasure before, Ms. Sinclair.”

“You haven't, Mr. McGann. I'm paid well to know everything about places I travel to, the people, their business.” A red fingernail brushed against her chin. With a slight tilt of her head, she began, “Let me see. Bryson Donald McGann, 34 years old. You have a master's in marine bio-geological science. You served six, no, seven H.A.A.R.P.S FURY (The Bryson McGann Book 1) years in the U.S. Army attaining the rank of captain before resigning your commission. Your decorations include the Distinguished Service Cross, among others. Very impressive, Mr. McGann. Your employment with NESSA H.A.A.R.P.S FURY (The Bryson McGann Book 1) is closing on the three year mark. Your father is CEO of IMT, whom I hope to be working with more closely in the near future.” The woman raised a perfectly sculpted eyebrow, jutting her H.A.A.R.P.S FURY (The Bryson McGann Book 1) chin to the side before she continued, “Oh, and you are, I believe, what they would call a problem solver. Have I left anything out?”

“Actually, a number of things, Miss Sinclair, but I wouldn't trouble yourself in learning them,” McGann replied. Their eyes locked, hers flared. He H.A.A.R.P.S FURY (The Bryson McGann Book 1) noticed a slight tensing of her body. He shifted himself automatically into a neutral stance, acquired from years of martial arts training. A moment of silence hung between them. While other men might have H.A.A.R.P.S FURY (The Bryson McGann Book 1) taken offense at her brash personality, he found her conversation amusing. She was good at playing the game.

## **Acknowledgements**

Of the countless novels I have read over the years, so often I would bend back the crisp, white pages and completely pass by the author's acknowledgements. Not until I was blessed

with a gift did I realize, to the fullest extent, the enormity of creating a published work.

Keeping that thought in mind, I have penned these words in hopes that whoever reads them will take a moment and H.A.A.R.P.S FURY (The Bryson McGann Book 1) give H.A.A.R.P.S FURY (The Bryson McGann Book 1) them careful consideration. There is little accomplishment in life that occurs merely as the result of one individual. The fulfillment of a dream is deeply entwined with a fabric of love, nurturing, and a host of many individuals who have cared enough to simply believe.

The writing of this work began as an idea over twenty years ago with the inspiration to write children's literature. Time and life conspired against me and without my realization, together, they continued to shape the events that led to the writing of this novel.

A mystery, a miracle, and a long lesson in faith and patience eventually brought H.A.A.R.P.S FURY to fruition. There were numerous instances of life events, tragedies, and various pitfalls that could have caused me to quit. Still, that dream, that desire to write, lingered. It challenged me to continue.

Most H.A.A.R.P.S FURY (The Bryson McGann Book 1) importantly, I feel I must share with you that I have been blessed by God our Father. It has been by His gifts and great patience with me that this novel came to life and the next begun. I am thankful and humbled.

To my parents, Donald Bryson and Margot, you instilled in me a sense of courage and expected that I only do my best. You gave of yourselves countless times and provided more than imaginable. I am grateful.

To my brother, Donald, I thank you greatly for your help with ideas, inspirations, and military weaponry. Also, I am grateful for that miraculous catch. You robbed me of a home run and taught me more of determination than I thought possible.

Mercia, Linda and James, I am deeply grateful for your input, and love. Your H.A.A.R.P.S FURY (The Bryson McGann Book 1) candor and encouragement continually fueled the fire of this novelist's soul.

Fred, the countless hours of conversation and laughter have been priceless. I thank you for your technical assistance, inventing the MICRO-SUN, and most of H.A.A.R.P.S FURY (The Bryson McGann Book 1) all, the friendship. 12:45.

Robert Stein, Colonel, USAF (Retired), thankfully you were placed in my life when I needed a mentor. You availed yourself to my dream and I am forever indebted.

I owe a great deal to Hugh Daniel and Westview Publishing in Nashville, Tennessee. H.A.A.R.P.S FURY (The Bryson McGann Book 1) Thank you for your insight and artistic talents. I look forward to the possibilities.

Thank you, Rae and Danny, for having patience. Hopefully, H.A.A.R.P.S FURY (The

Bryson McGann Book 1) I did not take too much time away with my writing. I love you both.

Lastly, my praise falls on Rebecca. A woman of immeasurable talent, strength, and honesty. I applaud you for your undying belief in me and my dream. I am without words for your wisdom, patience, and all the times I should have listened and finally did. You're an excellent editor. You are that beacon that guides me along the charted course and without whose assistance H.A.A.R.P.'S FURY would never have been completed. I look forward to our time with RED 7. Even more than all this, I thank you for your love, my beautiful wife.
