Preface

On Dec. 25, 2006, Lauren Kiefer was taken from us far too soon. Lauren was a remarkable sister, daughter, granddaughter, niece, cousin, friend and girlfriend. Aside from that, Lauren was a Columbia College graduate; a smart business woman; a fitness queen; a fun-loving party animal; a faithful follower of Christ; a Chicago Cubs fan; a lover of shoes and purses, and a beautiful light in so many lives. We could go on and on...

Lauren had an incredible future ahead of her that she pursued with high hopes. She had so many plans, so many dreams of what could be. We couldn't wait to see what she'd do next. Those of us who knew her can still see her bright smile, still hear her contagious laughter, still hear her say, "HOLLAR!" We are

never without her.

We love and miss you, Laur.

Foreword

We live in a Universe where everything is interconnected. This intelligent web of energy guides the seasons, *Infinity: A Story of Infinite Love* between mother and daughter planets, and stars. But these patterns don't just occur in nature. Every element, cell, organ, gland, and system of the physical body also follows these same natural laws of interconnection.

Take a moment and observe the effect the wind has on the clouds and how it causes a tree branch to sway. Isn't it wondrous how simultaneously we experience this same breeze on our faces? In today's world where we crave signs that there's more to life's circumstances than meets the eye, there already exists a subtle and poetic synchronicity of interconnection that we experience in our daily lives in the most unsuspecting ways.

This dynamic also applies to the concept of life and death. *Infinity: A Story of Infinite Love* between mother and daughter Many people view *Infinity: A Story of Infinite Love* between mother and daughter life as a finite journey, beginning at conception and ending with the final

breath. In between, we each encounter the age-old questions: *Who am I? Why am I here? Where am I going?* In our search for answers, we're confronted with the gap between perception and reality. This is particularly true in the face of tragedy.

Challenged by what we *perceive* to be the death of a loved one, our spirits encounter a crossroad. It's a subtle yet profound moment; a crossroad between breaking and inspiration. One path often leads to inconsolable sadness and hopelessness. The other provides the potential for understanding the *reality* of life and death. It offers each of us an opportunity to truly experience, like the wind, our interconnection with everything. From my own experience, I know the path of inspiration is an epic, transformational journey of awakening to *Infinity: A Story of Infinite Love* between mother and daughter and discovery of life's greatest lesson: Love is infinite.

You hold in your hands the story of two women's epic and transformational journey. Brought together by tragedy, these two mothers chose the path of inspiration. They learned the real and divine message of interconnection and *infinity*, thanks to the assistance of and guidance from the soul of Lauren Kiefer.

Infinity is truly a powerful and enlightening story *Infinity: A Story of Infinite Love* between mother and daughter of love. Love, *Infinity: A Story of Infinite Love* between mother and daughter like energy, has many forms *Infinity: A Story of Infinite Love* between mother and daughter and many expressions. It can't *Infinity: A Story of Infinite Love* between mother and daughter be created, nor can it be destroyed. Like love, *life has no opposite*. There is physical life and non-physical life. Death is the transition between those two worlds. Lauren's beautiful light and her infinite love for her mother couldn't possibly be dimmed by the darkness surrounding her death. Due to Lauren's persistence to reach out, coupled with Debbie Obradovich's selfless act of compassion to help by opening a channel to the non-physical world, the gap between perception and reality was bridged not only for Lauren and her mother, Janice Kiefer, *Infinity: A Story of Infinite Love* between mother and daughter but also for all of us.

I first met Debbie as a client in March of 2004. I knew there was something unique about her. However, it wasn't until I read the manuscript for this book that I realized the magnitude of her uniqueness. She never told me about her ability to act as a medium, a channel for the non-physical world. However, I distinctly remember being filled with such immense emotion *Infinity: A Story of Infinite Love* between mother and daughter while in her presence that it literally brought me to tears. I now have a deeper understanding of and appreciation for why I had those feelings. The depth of love Debbie radiates has the potential to awaken and attract powerful souls. Such was the case for Lauren, and the beginning of a new reality for both Debbie and

Janice.

In the Hebrew *Infinity: A Story of Infinite Love* between mother and daughter language wind and spirit share the same word, *ruach*. Denial of our spiritual interconnections or claiming they are illusions is like saying the wind isn't real because we can't see it. To really see, to really feel, to deeply experience all aspects of life, we must be willing to change our perspective and expand our perception. Besides, communication with *Infinity: A Story of Infinite Love* between mother and daughter those in the non-physical world *Infinity: A Story of Infinite Love* between mother and daughter is not a new concept, nor is it uncommon. President Abraham Lincoln was said to have reached out to *Infinity: A Story of Infinite Love* between mother and daughter spiritual mediums during his tenure in the White House to communicate with his 11 year-old son, Willie, who died while he was in office.

It's time to reveal and acknowledge the powerful connection we all share, for ourselves and for the future of our children. By reading this book, I'm certain you'll learn the limitless potential of love's mysterious and miraculous power to bridge the ultimate gap – our perception of interconnection and death – and open the gateway to reality—to *Infinity*.

May the message of this profound book reach your heart and fill your soul with hope and promise. Remember, like love, *life* is infinite.

With Infinite Love & Gratitude~
