King's Pregnant Mistress is a vivid tale of lust, submission, and impregnation. An erotic romance novelette of over 9,000 words.

Too Good to Refuse

River Wilder stood on the cool platform, down to nothing but her lacy red underwear before the crowd. About five other young women had made it to the finals with her. Her King's Pregnant Mistress: His Majesty's Submissive (Royal Erotic Romance) (King's Pregnant Mistress Series Book 1) competitors were just as giddy, just as motivated, and almost as beautiful as her.

A blast of trumpets announced King Lukos' arrival at the docks. His yacht pulled up at the edge of the center aisle, and his aides worked quickly to roll down a staircase for him.

All of the media turned their cameras on him. Slowly, a small group emerged from the ship, and started moving toward the platform. River couldn't even see the man as he approached down the aisle.

He resembled a large silhouette flanked by several other men, a walking shadow, caught in the flurry of camera flashes that greeted him. For the first time, all of the celebrity surrounding the event began to hit her.

What am I doing here? River wondered, making sure to smile wider as the King approached the stage. *If it weren't for a chance at five million, I wouldn't find myself here on this platform with other top models, thousands of miles from home.*

In her heart, River knew that she had made it so far because she was the best. Not necessarily the finest young model in the States, but King's Pregnant Mistress: His Majesty's Submissive (Royal Erotic Romance) (King's Pregnant Mistress Series Book 1) one willing to take an unorthodox shortcut King's Pregnant Mistress: His Majesty's Submissive (Royal Erotic Romance) (King's Pregnant Mistress Series Book 1) to quick riches.

Her heart strummed with doubt, but she clenched the muscles in her chest until the beats slowed. She was barely old enough to drink legally, just like the other girls, but that didn't mean she was an inexperienced fool.

Quite the contrary, River thought. People drift through life, from college to retirement, to the dullards they end up marrying and the uninteresting children they spit out. That's why I've put everything on the line.

Anything to escape mediocrity.

Her mantra rang in her head as His Majesty drew nearer. Finally, he emerged with his men from the hail of lightning hot flashes. She was still staring out at King's Pregnant Mistress: His Majesty's Submissive (Royal Erotic Romance) (King's Pregnant Mistress Series Book 1) the sea of several hundred heads, grateful for the shade of the canopy overhead.

The Mediterranean sun felt surprisingly tropical, and she couldn't risk burning her skin. Not during the final stages of the King's selection.

He stepped past the five women on the stage, not even giving them so much as a glance as he rounded the walkway toward the podium his attendants had set up. River caught the King's face in profile for a couple seconds as he crossed her line of sight.

He was younger than she expected, probably no older than thirty. The young monarch's athletic traces rippled beneath his suit, an outline that was muscular, but refined. His body had been sculpted by incredible fitness trainers and a lifetime of adventures, not by hard work or suburban football fields.

His dark hair was trim and slicked back, and his gray suit looked immaculate. If not for his entourage and excessive splendor, the island's ruler might have been mistaken for a wildly successful young tech entrepreneur.

She only caught a blur of the huge royal crest fixed to his chest, a golden crescent that swirled

upward to form a bird of prey's beak – the same symbol that showed on every jumbo sized screen positioned near the stage. The King's Pregnant Mistress: His Majesty's Submissive (Royal Erotic Romance) (King's Pregnant Mistress Series Book 1) King left his mark everywhere, dominating the island with his otherworldly presence.

At last, the menacing symbol disappeared from the screens, replaced by Lukos' face. A single bead of sweat started near her back shoulder and rolled down toward the curve of her buttocks. River didn't dare shake it off, especially now that the monitors were showing her just behind the King.

“Thank you all for coming. It is amazing just how many people can be drawn out King's Pregnant Mistress: His Majesty's Submissive (Royal Erotic Romance) (King's Pregnant Mistress Series Book 1) into the hot sun to witness my triumph. My friends, let me assure you that this is no gimmick that can only King's Pregnant Mistress: His Majesty's Submissive (Royal Erotic Romance) (King's Pregnant Mistress Series Book 1) disappoint King's Pregnant Mistress: His Majesty's Submissive (Royal Erotic Romance) (King's Pregnant Mistress Series Book 1) you,” he began, speaking Western English with only a hint of an accent.
