Prólogo

---

El alma humana es un caleidoscopio formado por millones de diminutos espejos La felicidad perfecta (Umbriel narrativa) (Spanish Edition) que reflejan un espectro de colores, dependiendo de cómo la luz incide sobre ellos. Tiene múltiples facetas y un potencial ilimitado, sin embargo, dentro de este intrincado palacio de espejos algunas superficies nunca tienen la oportunidad de brillar, pues permanecen en la oscuridad, ignoradas.

Quizá nunca alcancemos a atisbar nuestra capacidad de La felicidad perfecta (Umbriel narrativa) (Spanish Edition) amar. Quizá nunca alcancemos la plenitud de nuestra floración. Pero algunas veces La felicidad perfecta (Umbriel narrativa) (Spanish Edition) algo sucede en nuestras vidas que nos permite vislumbrar lo que podríamos llegar a ser si permitiéramos que la luz iluminara esas oscuras y secretas facetas de nuestra alma. Entonces comprendemos que tenemos alas y que siempre las hemos tenido.

PRIMERA PARTE

**DESEO**

---

Tu felicidad en la vida depende de la calidad de tus pensamientos.

*En busca de la felicidad perfecta*

**Londres**

**Septiembre de 2008**

En el lujoso cuarto de baño que Smallbone of Devizes le había diseñado, Angélica Lariviere se puso unas bragas reductoras y se contempló desde todos los ángulos en los espejos que recubrían tres paredes y la parte superior de los lavamanos gemelos. Sobre las pálidas repisas de mármol, las velas de Dyprique y las preciosas botellas de perfume aportaban un toque refinado. A Angélica le gustaban las cosas bonitas: el sol a través de una telaraña cubierta de rocío, la niebla sobre la quieta superficie del lago, el encanto anticuado de una araña de luces, los pájaros sobre el magnolio, el cielo estrellado, la luna llena, París, el perfume, las melancólicas notas de un chelo, la luz de las velas, la conmovedora melancolía de un brezal en invierno, la nieve. Como su imaginación era más exquisita que la realidad, vertía sus elaboradas ensoñaciones en libros de fantasía para niños, historias donde la vida no tenía límites y la belleza podía manifestarse a placer. Pero lo que más le gustaba era el amor, porque no hay nada más hermoso.

Se puso a meditar sobre el veloz paso del tiempo, y sus pensamientos la transportaron hasta aquel primer beso bajo una farola de la plaza de la Madeleine, en París. Olivier nunca volvería a besarla de aquella manera, y ella no volvería a sentir aquella sensación embriagadora, un revoloteo de mariposas en el estómago. No era que Olivier ya no la besara, pero el beso de un marido no es como el de un amante. La magia del primer encuentro no se puede repetir. El matrimonio, los niños y la vida en común habían reforzado los lazos de afecto, pero al mismo tiempo les habían arrebatado algo de magia. Estaban tan acostumbrados el uno al otro como dos hermanos. Recordando la belleza del primer beso, Angélica sintió un La felicidad perfecta (Umbriel narrativa) (Spanish Edition) arrebatado de nostalgia y de tristeza, porque nunca volvería a experimentar un amor tan intenso.
