# THE LOST GOSPEL

OF

JOHN

by James Russell

## **A New Bible**

This is a fictitious story of Jesus of Galilee, his apostles and his miracles and teachings. Welcome to the The Lost Gospel of John. Yes, it is a new Gospel and a new book in a new Bible. There is no reason to Lost Gospel of John (The Lost Gospels Book 1) include the original and authentic Gospel of Saint John, as written in the absolute standard, the Holy Scriptures of the Bible. Nevertheless, some similar events are recorded to create this one book of a new Gospel. This book is a valuable educational tool, but you should at least be somewhat familiar with the true Bible to accurately assimilate the Lost Gospel of John (The Lost Gospels Book 1) intelligence herein.

## **A New Gospel**

It has been a very long time that a new Gospel has been written. This is not a new translation of the Bible, it is a completely new Bible, long overdue and necessary, to expose the hundreds of false teachings in the Christian churches that are leading many astray who are unknowingly following a phony Gospel. So, it requires a imitation Gospel to expose a bogus Gospel? No, but this book is a powerful method pointing the way to the truth and it contrasts the true Holy Scriptures which is the high standard. What if Jesus said to his apostles it is better and more acceptable to worship him in a Lost Gospel of John (The Lost Gospels Book 1) church than to obey him. Would you believe him? This book has the power to awaken the dead.

## **What is New?**

In this Bible you will read brand new stories of Jesus, experience new parables, witness fabulous events and see many awesome miracles, signs, wonders and mysteries not recorded in the original Holy Bible. Get ready for an entertaining adventure that will Lost Gospel of John (The Lost Gospels Book 1) amaze you, take you to places you have never known existed and dazzle your mind with shocking insight. You will learn so much, so quickly and so effectively just how far you may have gone astray from the original Holy Scriptures. You will be surprised just how new the modern pastor's sermons you hear today really are.

## **The Lost Gospel Found - The Discovery**

This Gospel of John has been lost for over two-thousand years and was found in a secret cave in the outskirts of Jerusalem, Israel, in the year of our Lord, two-thousand and eight. It was discovered by a student of archeology in a "dig" looking for the relics of King Herod's personal bone collection that he kept for safekeeping. He feared the religious people he killed would come back to haunt him, so he buried bones and other artifacts in his personal villa in Jerusalem. For the sum of thirtythree-million dollars, James Russell, purchased the long, lost scrolls and transcribed them from ancient Aramaic into the English language. The original scrolls have been proven to be authentically written from the era of Jesus, carbon dated to two-thousand years old, and held in safekeeping in King Herod's hidden vault, found by a Jewish

archeologist. Do you believe? If so, read on.

What if the Bible being taught in your church is really not the Holy Bible, but a clever counterfeit quoting the true Holy Bible to authenticate Lost Gospel of John (The Lost Gospels Book 1) itself to you? You could easily be fooled! Many Christians laugh at this, but in reality the Bible being

---

taught today is clearly not the Bible; it is a “different” Bible and it preaches a “different” Jesus and it was predicted, by the Bible, to occur in the last days. Read on...

## **ARE YOU A CHRISTIAN?**

Let me prove to you that you are not a Christian! Maybe you are, maybe you are not. First, we need to realize that a true Christian adheres to the Master’s commands, desires and agenda as it is written in his Holy Bible, the King James Version. For example: God wants the lost to Lost Gospel of John (The Lost Gospels Book 1) be saved and he commands each Christian to *personally* go forth to perform the Great Commission, but most Christians choose to ignore this. They won’t even distribute Gospel tracts. So, if you Lost Gospel of John (The Lost Gospels Book 1) are not saving the lost *you* are being duped and that’s what the real Bible says! This book will show you how easily you can be deceived.

## **FALSE GOSPEL**

Pastors are preaching false teachings, yet quoting the Holy Bible to authenticate false Lost Gospel of John (The Lost Gospels Book 1) doctrines and are misleading millions of people. Yes, most every denomination falls into the apostasy of ignoring God’s Word; doing what is right in their own eyes. It is the great falling away! People are seeking refuge in lies.

## **USE YOUR OWN BIBLE**

I figure, if modern pastors can’t be faithful and true to the Holy Bible, they should be using their own Bible, not God’s Holy Bible to promote their counterfeit religion, so I wrote one they can use. Now they will have the sweet, adorable Jesus they want, the benevolent God they desire and the honey dew false teachings they treasure more than gold. Now they will hear their bogus Jesus telling them it is okay not to save the lost, that it is permissible to be unethical when proclaiming the Good News and so much more! It is a new and wonderful Gospel with enlightened apostles learning fabulous things from a false and lying Jesus of Galilee, a clever imposter of the true Jesus of Nazareth written of in the KJV Holy Bible.

As our false Apostle John says, *“Come, my blessed people. Come meet Jesus of Galilee! He’s all you ever wanted. All you really need and he’s all you truly deserve. Follow me! Join my church and be saved! And yes, I will make you rich.”* And when you have finished reading this false Bible you will know, absolutely for a fact, if you really are a Christian. You will be in for a big surprise!

## **IF YOU ARE OFFENDED**

You may find yourself Lost Gospel of John (The Lost Gospels Book 1) caught up in the story and actually begin to believe Jesus of Galilee is the real Jesus, then he says Lost Gospel of John (The Lost Gospels Book 1) something that offends you. Take a deep breath and relax. You must remember this Jesus is not the real Jesus of the Bible. He is a counterfeit, a

---

charlatan, a fake, a deceiver. When you learn of his deviant ways, you will be enlightened to realize he is wrong.

## CONTROVERSY

Yes, this book will create controversy, but it is not intended to deceive. It is simply a study in contrast of how far we have fallen away from the truth.

The purpose of this new Bible, *The Lost Gospel of John*, is to reveal what is happening today inside the churches is terribly opposite of what the Holy Bible, the New Testament in particular, demonstrates and proclaims. If the Lord Jesus and the Apostles were to return to earth today they would be scolding us as they did to all those who chose to disobey the Lord.

Many apostates will cry foul, but the true Holy Bible, The King James Version, is our guide and compass. The Word of Jesus Christ of Nazareth is the founding cornerstone of truth. If you bend, distort or corrupt this line of truth or kick the stone aside you establish tradition making the Word of God null and void.

**Example:** Jesus of Galilee, our fake Jesus in this Bible, reveals the lost Ark of the Covenant showing his disciples there were only seven commandments, not ten. Three are missing, so three need not be obeyed. He teaches it is now okay to worship idols, not to rest on the Sabbath and it is not a sin to steal. It is now permissible and honorable for pastors to pilfer tithe money to become rich.

**Example:** Jesus of Galilee teaches it is okay to sin as long as your intentions are good. It is fine to admit unrepentant sinners into the church because church is not for worship, it is a hospital for the most vile sinners on planet earth. It is okay for pastors to tell churchgoers they will go to heaven because they are faithful churchgoers. Our Jesus proclaims it is God's will for you to go to church over and beyond obeying his commands. God is so forgiving, he will absolve any churchgoer who disobeys *Lost Gospel of John* (The Lost Gospels Book 1) him. An amazing *Lost Gospel of John* (The Lost Gospels Book 1) Jesus indeed! No wonder this liberal Jesus is so popular.

There is so much more to learn within these pages! Read the book, buy one for your friends and relatives. Give them a gift that will last a lifetime. They will not forget the stories in this false Bible. If this book will not awaken them from their slumber, not much will, except a miracle from the Lord. For this, ask the Lord to open their eyes so they *Lost Gospel of John* (The Lost Gospels Book 1) can see the apostasy.

## ABOUT THE BOOK

A Holy Bible - *The Lost Gospel of John 1* is not the "Holy Bible" but a clever counterfeit and everything you read herein is a prolific lie, precisely what is happening in many churches today!

---

The deception in our present day churches are so deceitful and deceptive you could say this book is today's modern Bible. It is as if pastors used this false Bible to proclaim Lost Gospel of John (The Lost Gospels Book 1) a different Gospel, a very different Jesus and a different ministry to you.

It is written to shock you as to just how badly the end-times church has become when you compare it to the true early church and the authentic Holy Bible (King James Version). However, apostate pastors will find, The Lost Gospel of John, a fabulous tool to trick and enslave their lost sheep straight to hell's fire (as if they really need it), but the truth will set you free from their crafty snares. Do you dare see the truth?

In addition, of course I have used many of the same tactics apostate pastors and disobedient denominations use to fleece their sheep Lost Gospel of John (The Lost Gospels Book 1) by mixing in smidgens of truths and halftruths they use to Lost Gospel of John (The Lost Gospels Book 1) pull the wool over their eyes. Moreover, you will soon learn more of the dirty tricks used to swindle the flock that should make your hair stand high in outrage toward the false shepherds and false prophets in our day... and there are many! Remember, most all will be deceived in the last days due to false shepherds, lying pastors, and few will be saved. Are you one of the many or one of the few? How can you be certain? Read God's Holy Bible comparing it to what you are really being taught. Read this book. Your eyes will open. You will see the lies taking place in the churches today. Yes, even inside your own church!

What is truly a miracle is to see intelligent churchgoers with master's and doctorate degrees be lied to point blank, by their pastor, and they believe the lies without question. Blind they are. The more churched a person gets, the blinder they become. They cannot see the light of truth because they welcome the darkness of lies, yet they believe they have the truth because they believe in lies masquerading as truth. This book helps people to see truth by revealing lies. Are you being duped? You will soon find out! May God open your eyes! And when Lost Gospel of John (The Lost Gospels Book 1) you finish this book, please check out other books in the Lost Gospel series and other subjects on our Web site; [JamesRussellPublishing.com](http://JamesRussellPublishing.com)

## **A NOVEL WAY TO ENTERTAIN**

Modern pastors focus on Lost Gospel of John (The Lost Gospels Book 1) entertainment and appeasement and this book delivers humor with a very serious message. I do not expect pastors to rise up and command their congregation to read this book, but I do expect the book to be personally recommended by thousands of Christians each year as a tool to expose apostasy in the church today.

It is my intention to bring the reader back from the apostate religion abyss into the true New Testament teachings of the real Lord and Savior, Jesus Christ of Nazareth. Too many churches preach of a "different" Jesus, a counterfeit messiah, a fake Lord and a never-to-be-feared, dishonest God who tolerates sin, idols, dishonesty and unholy fellowships. This is dangerous activity inside the church and this book is one way to expose it and help you to escape by the skin of your teeth.
