Chapter 1

It was the winter season in Florida, and the heavy rain was unusual. This time of year was typically clear and cool at night. The weather had driven most South Floridians' indoors, and the secluded, two-lane highway was empty. But perhaps the unusual weather is what brought the black Escalade out on this night. The SUV pulled off the road to a little-used boat ramp in the Florida Everglades. A man dressed in a dark-colored rain suit exited the vehicle.

A dark sports car pulled in behind him. The man peered into the car and saw the red hair of the driver in the glow of the instrument panel. He then turned his attention back to the Caddy, smiling at the dead young woman prone in the back seat. He had so enjoyed her sexual torture before she died. The man pulled her body from the SUV and popped the bonnet of the sports car. He kissed her softly, and then unceremoniously dumped her lifeless and still warm body in the trunk.

The man had better plans Naked Law 1: The Beginning (A Donnie James Thriller) for her. Just

a couple miles north, he knew a canal crawling with big gators that would make short work of her. But for now, he had to get rid of the Escalade.

He found a large piece of coral and put it in front of the back wheel of the SUV. He hit the electric windows until they were all down. He left the engine running, and the headlights glowed brightly into the stillness of the swamp. He pulled a crowbar from the SUV and using the hooked end, pried the rock from under the tire. The Caddy lurched forward and picked up speed down the steep ramp, hitting the murky water with a whoosh.

The man smiled a strange grin as he watched it sink slowly into the black waters of the Glades. He watched until the SUV settled below the surface into the mud twenty feet below. The man made no movement until the lights dimmed, and there was nothing but darkness and tossed the crowbar into the water.

The sports car followed him as he walked to the pavilion. The man took off the rain suit, careful not to get any of the rusty liquid that had come alive from the rain on himself. He deposited the rain gear into a bin that smelled horribly of dead fish.

The driver climbed over the console into the passenger seat as the man entered the car. He leaned over and told the woman he loved her to death as he plunged a needle into her vein. She slid down into the seat and grinned dumbly as the drug took effect.

As the car carefully entered the deserted highway and headed north, the man Naked Law 1: The Beginning (A Donnie James Thriller) laughed. "It's been a good night," he said, looking in the rear view window.

Donnie James sat back in his desk chair and ran his hand over the bulge in his pants. It grew more prominent every second as he clicked through the pictures of women with little or no clothing in very suggestive poses. Fuck, this is fun! Man, these girls were hot, and he had only gotten through the blondes.

Pilar was right! "This sure isn't like any dating site I've ever been on."

He looked glanced over the top of his laptop to make sure the corridor outside his office was empty. No one in the Broward County Sheriff's office needed to know what he was Naked Law 1: The Beginning (A Donnie James Thriller) planning Naked Law 1: The Beginning (A Donnie James Thriller) for the evening, but if he kept this up, he'd be stuck behind his desk with a torpedo-sized boner all day. He put his laptop in his briefcase. Better to Naked Law 1: The Beginning (A Donnie James Thriller) go home and do it there. He waited Naked Law 1: The Beginning (A Donnie James Thriller) impatiently for his dick to relax and got up.

Pussy was his middle name. It had been that way since the first time in the bathroom in rural Arkansas when he was thirteen and took the advice of a friend and stroked his cock just a little harder than before. After that, it was one backwoods girl after another in the back of his Mustang or on the hood of the car if the Arkansas summer was too warm. Damn, he sort of missed those hillbilly girls. You ask them for a date, and they ask you how you liked your eggs! He shook his head. He hasn't seen a good Naked Law 1: The Beginning (A Donnie James Thriller) bush since he moved to South Florida.

Donnie was just a few weeks out Naked Law 1: The Beginning (A Donnie James Thriller) from the break-up of a six-year relationship with a much younger woman. Maria was only twenty-three when they met. At the time, he was looking for a secretarial assistant, and Maria showed up for the interview wearing a skirt a little too short and a top showing a little too much.

Although she was tall and blond with that little Naked Law 1: The Beginning (A Donnie James Thriller) touch of Latino that South Florida is so blessed with, Donnie was not impressed at first. Maria's wide smile revealed lipstick on one tooth. Goddamn, she had some bedroom eyes, though. As they went through the boring interview questions, Maria's skirt crept a little higher, and Donnie could see the well-toned calves, supple thighs, and just the Naked Law 1: The Beginning (A Donnie James Thriller) bottom of her canary yellow panties. Were they damp, or was Naked Law 1: The Beginning (A Donnie James Thriller) his imagination getting the best of him?

"So, is this something you might be interested in?" Donnie shifted behind his desk as his pressed Calvin Klein's continued to expand, and his cock was ready to say Naked Law 1: The Beginning (A Donnie James Thriller) a hello.

"Very interested," Maria said, in a deep, almost too-breathy voice.

He had to remind himself to be professional. *Don't get yourself in trouble Naked Law 1: The Beginning (A Donnie James Thriller) like the times before.* Donnie had a long history of sexual relationships with Naked Law 1: The Beginning (A Donnie James Thriller) women he worked with or who worked for him in his position at the Broward Sheriff's Office.

He cleared his throat. "If you don't have any other questions, we'll be in touch one way or another next week."

Maria smiled as she slowly prepared to stand up. As her legs uncrossed, Donnie was treated to the sight of the plumpness of her pussy hiding underneath the sheer, yellow thong panties.

"No, I don't have any questions," Naked Law 1: The Beginning (A Donnie James Thriller) she said. "Except, um, I look forward to talking to you again soon."

Donnie wasn't sure, but he thought she winked at him just before turning around and sashaying her full, round ass as she exited his office.

Shit, I'm such a sucker for cunt, he thought as he dialed Human Resources and told the

recruiter to give Maria a call the next Monday and offer her the job.

Back at home, Donnie logged back into the dating site. Naked Law 1: The Beginning (A Donnie James Thriller) It had only Naked Law 1: The Beginning (A Donnie James Thriller) been a few weeks since Maria had decided to move to Georgia while he was away chasing assholes Naked Law 1: The Beginning (A Donnie James Thriller) around the state. As he resumed his search through the profiles, it was actually cathartic for him to remember the pain of the end of the romance with Maria and envision the revenge he Naked Law 1: The Beginning (A Donnie James Thriller) was Naked Law 1: The Beginning (A Donnie James Thriller) going to get with Pilar's help.

Donnie, Maria, and Pilar had spent many nights together drinking wine and listening to good island music that played on many stations in South Florida. He Naked Law 1: The Beginning (A Donnie James Thriller) had always kidded Maria about wanting a threesome with Pilar but knew it wasn't going to happen as Maria's major fault was being so possessive.

Yet things have a funny way of working out for the best.

Donnie had always been a gym rat, and his toned, muscular body had been an asset when it came to pussy. Twenty years in the gym had transformed him from a guy who looked like he had been to too many happy hours Naked Law 1: The Beginning (A Donnie James Thriller) to a forty-one-year-old badass cop whose shoulders and arms rippled with sinew and veins that stood out Naked Law 1: The Beginning (A Donnie James Thriller) like ropes in his arms.

He trained at Gold's, the hottest gym in Broward County, where many professional bodybuilders trained, along with just about every stripper in town. Pilar was the last person that Donnie ever thought he would see in his gym, but there she was. He went over to say hello.

After some awkward moments, the conversation became lighter, and Donnie was shocked when Pilar asked if he could train her for a month or so until she got the hang of the machines and the gym Naked Law 1: The Beginning (A Donnie James Thriller) atmosphere.

Donnie stammered out a yes and figured now was as good a time Naked Law 1: The Beginning (A Donnie James Thriller) as any to start to get Pilar in shape and exercise his real motive—pump her for information about Maria.

Pilar was tall with long dark hair and huge tits that Donnie had long admired but could only fantasize about. She was wearing a halter top and shorts so tight, he could make out her clit at the top of her pussy. It was hard to put Pilar through even the light workout with her nipples almost showing, wondering all the while where this might go.

After thirty minutes, Pilar had had enough and suggested that they get a bottle of wine and go to the beach to catch the sunset. Donnie was very surprised when she said he should meet her

at the very part of Ft. Lauderdale beach where he and Maria used to ride their bikes and listen to the smooth jazz that played every night at bars along the strip.

It was a typical South Florida night with a light, cool, spring breeze. Spotty clouds appeared to dip below the gentle, early summertime surf of the Atlantic Ocean.

Two hours later, both bottles of wine were empty. He had found out that Pilar was as eager as he was to exact a little revenge on Maria. It was one of those girl things. Pilar felt that Maria had always made her play second fiddle and keep her secrets while Maria told everyone hers.

Interesting, Donnie mused, as he listened to Pilar's side of the story. But he felt something was happening here, and he was the guy with the balls to find out. After all, what did he have to lose? Maria was not coming back, and Donnie was beginning to be happy about that for the first time in weeks. It would serve the bitch right. Donnie Naked Law 1: The Beginning (A Donnie James Thriller) had learned from Pilar that she was already fucking some redneck in Georgia.

Still, Donnie was apprehensive as he mustered the courage to make his move. After all, this was Maria's best friend, and it was possible he was misreading the situation.

Donnie and Pilar had the beach to themselves. They were lying in the sand on a sleeping bag that Donnie always kept in his beloved red Jeep Wrangler. He had traded in his Corvette for the Jeep to please another sexy, young Naked Law 1: The Beginning (A Donnie James Thriller) blonde. Sucks, she took her hot snatch and went back to England.
