DEDICATION

This book is dedicated to my wife, Kristina. This book is a realization of a seed planted by her, that I could be something more Terminal Genesis (The Progenitor's Stratagem Book 1) than I was. She planted the seed with a suggestion, cultivated it carefully through encouragement and patience, and watched it Terminal Genesis (The Progenitor's Stratagem Book 1) blossom into Terminal Genesis (The Progenitor's Stratagem Book 1) the ultimate realization you have selected to read.
