PREFACE

In my walk with The Lord, desiring to live for Him and The Blessing, Greed & Covetousness: An End Times preparation searching for Him I have encountered many jaw dropping experiences. These have led me to conclude that there is an extremely strong, unprecedented satanic move to silence the carriers of God's purposes, by the so called men and women of God, masquerading as true prophets and teachers, joining forces with the back slidden and the non-believers.

People who once knew The Lord and were The Blessing, Greed & Covetousness: An End Times preparation highly used of Him but due to greed for power, money, titles and earthly honor, envy and jealousy they stopped walking with Him and became His enemies and enemies of His anointed ones.

This move is unprecedented in its intensity The Blessing, Greed & Covetousness: An End Times preparation and ferociousness. Like piranhas they pursue the believer as pharaoh chased the children of Israel and as Saul chased David. Answering the call of their master – to kill, steal and destroy. Those The Lord calls His need to be aware of it and take the necessary steps to stay His. We are in the end times.

We have witnessed His prophecies coming to pass – earthquakes becoming more frequent and more intense; plagues sweeping across whole regions; weather changes with ocean levels rising due to global warming; fierceness of terrorists in beheading their captors, etc. It's time to recognize the times we're living in and The Blessing, Greed & Covetousness: An End Times preparation adjust ourselves to meet the challenges to stay saved and to accomplish our Father's purpose on the earth. (increase in prayer, increase in the study of the Bible (ref. "Iron Sharpens Iron Bible Study" by yours truly), increase in fasting, etc).

Succeeding and having The Living God on our side takes a choice to be straitjacketed to Him in the face of legions of hostile enemies. Believing David in his psalms. Believing the words of the Living Christ. Studying the examples of men and women who walked with Yahweh believing that He would fight with and for them.

The Blessing, Greed & Covetousness: An End Times preparation

My desire in this book is that the remnants would have a right perspective of "blessing" and pursue it. The Living The Blessing, Greed & Covetousness: An End Times preparation God wants to bless spiritually and materially. Satan wants us to lose our placing with God and tries to show us our poverty in following God's way. "Resist Him"

I pray that you will be encouraged and that you will stretch out in faith and do your best to please Him. Yahweh bless you always.
