BOOKS BY GIN JONES

SNEAK PEEK

This book is dedicated to Kathi, who kept insisting that Keely's story needed to be told.

CHAPTER ONE

The Christmas season always Tree of Life and Death: A Danger Cove Quilting Mystery brought out the perfectionist in me.

In the past, my need to make Tree of Life and Death: A Danger Cove Quilting Mystery everything perfect had made me an effective and highly sought-after trial attorney. Even after my forced retirement, it came in useful in my detail-oriented work as a quilt appraiser. But it had its down side too, contributing to my syncope, a medical condition that caused me to pass out in stressful situations.

With practice, I'd learned to not sweat the little things, but there were times when my old habits threatened to get the better of me. Like today. I was on my way to the Danger Cove Historical Museum, where I would be part of an ornament-making workshop. It was the kickoff for the

entire holiday season at the museum, and today's success—I refused to consider any other possibility—would set the tone for the rest of the month. The museum was the biggest client for my fledgling appraisal business, and its director was a friend, so I had both professional and personal reasons for wanting today's event to go well.

The weather was cooperating, at least. The sky was clear and bright. The storefronts were decorated with a variety of winter holiday displays, and the sidewalks were filled with happy tourists searching the trendy Tree of Life and Death: A Danger Cove Quilting Mystery little downtown shop Tree of Life and Death: A Danger Cove Quilting Mystery windows for just the right gifts or getting themselves a treat at The Clip and Sip, where the beauty salon's clientele got a free drink with each service. Even the Main Street trolley was festive, sporting a wreath at each end of the car and tiny red-and-white LED lights outlining the windows.

I contributed in a small way to the holiday decor, with my dark-green jeans, lightweight green tweed sweater, and a red ribbon that tied back my shoulder-length hair. Over my shoulder, I carried a quilted messenger bag filled to overflowing. I'd packed, unpacked, and repacked it at least Tree of Life and Death: A Danger Cove Quilting Mystery a dozen times last night to make sure I didn't forget any of my paperwork or reference books. The new owner of the local bookstore had even managed to get me a pristine copy of Marsha McCloskey's *Christmas Quilts*, which had pictures of a Tree of Life and Death: A Danger Cove Quilting Mystery wide variety of holiday quilts to help with identifying designs. I checked once again, confirming that it was in my bag. It would have been a shame to forget it after Tree of Life and Death: A Danger Cove Quilting Mystery all of Meri Sinclair's effort to get it for me in time for today's Tree of Life and Death: A Danger Cove Quilting Mystery event.

I was determined that there wouldn't be any hitches today, no matter how minor. I used to be good in a crisis, but my career as a civil trial lawyer had apparently used up all Tree of Life and Death: A Danger Cove Quilting Mystery of my allotted ability to withstand stress by Tree of Life and Death: A Danger Cove Quilting Mystery the time I reached the age of thirty-six. That was two years ago, when I'd been diagnosed with syncope and quit my job to seek a quieter life as Keely Fairchild, quilt appraiser.
